

# Federated Conference on Computer Science and Information Systems

1-4 September, 2019  
Leipzig University, Germany

## Call for Event:

The FedCSIS multi-conference consists of a significant number of antecedent Events. However, the Call for Events is open to all areas of computer science and information systems and new proposals for associated Events (conferences, symposia, workshops, special sessions, project dissemination events, etc.) are cordially invited until **November 20, 2018**.

The proposals should be prepared according to requirements specified in the Call for Events on the conference website <http://www.fedcsis.org> and emailed in a single PDF file to **[secretariat@fedcsis.org](mailto:secretariat@fedcsis.org)**

The Events will be selected based on the scientific merit and/or the relevance to ICT practice, the completeness and clarity of the proposal in addressing the requested information, the strength of the proposed Program Committee, and the capacity of the FedCSIS conference program.

## Call for Papers:

The FedCSIS Events provide a platform for bringing together researchers and practitioners to present and discuss ideas, challenges, and new solutions in computer science and information systems. Topics of interest are defined by individual Events, which constitute FedCSIS conference, and are listed on <http://www.fedcsis.org>

The papers should be submitted to the chosen Event by May 14, 2019 using the FedCSIS submission system <http://www.fedcsis.org/hotcrp>.

Accepted and presented papers will be submitted to the IEEE for inclusion in the IEEE Xplore Digital Library proceedings entitled "2019 Federated Conference on Computer Science and Information Systems (FedCSIS)". Since the IEEE proceedings will be published under nonexclusive copyright, the Events' organizers will endeavor to arrange quality journals, edited volumes, etc. and will invite extended and revised papers for post-conference publications.

## Important Dates:

Submission of Event Proposals: **November 20, 2018**
